

**Abstract Submission extended to
September 20, 2012**

**9th IFSHT Triennial Congress
&
12th IFSSH Triennial Congress**

New Delhi, India | March 4-8, 2013

Join us in a vibrant, colourful, affordable, and friendly city with thousands of years of culture and history for the 9th IFSHT Triennial Congress: ***Knowledge Translation: Moving Evidence into Practice and Practice into Research.***

Morning general sessions will focus on key hand therapy topics, with one joint therapist/surgeon session. Afternoon breakout/workshop sessions provide interactive discussions and hands-on learning while peer-reviewed scientific/clinical papers and posters are integrated throughout the program. All sessions in both congresses are open to all participants. Abstract submission is open until **September 20, 2012.**

Two afternoons of the four-day educational program are free for all participants to join family and friends in exploring the sites of New Delhi.

Free airport and intra-hotel shuttle services will help you navigate New Delhi. Many options for pre- and post-congress tours and day trips are available. Come for a few extra days and safely explore exotic India.
